Exclusive Agent for Tubular Goods ————— *

Paull's Regular No. 0 Tubular Lantern.

No. 1 Burner. No. 0 Globe.
One Piece Tube. Locked Burner.

No. 0 TUBULAR.

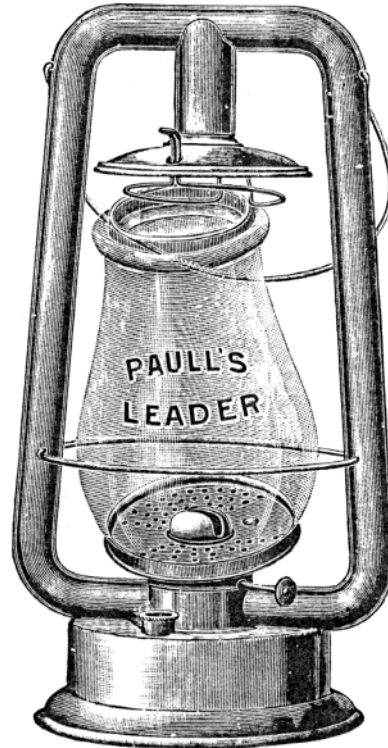

This Lantern is the same in all respects as our No. 0 Leader Lantern shown on page 4, with the exception of the lifting device. To light, simply insert match through the hole in globe rest.

PACKAGES

1 Dozen Case	--- ---	{ Net Weight, 20 lbs. Gross Weight, 38 lbs. Measurement, 15 x 17 x 27 inches
½ Dozen Case	---	{ Net Weight, 10 lbs. Gross Weight, 21 lbs. Measurement, 10½ x 15½ x 20 inches

Paull's Regular No. 0 Tubular Lantern.

To light Lantern, insert match in the hole in globe rest.
To remove globe, raise the spring at the top, and it can be easily lifted out.

Paull's Leader No. 0 Tubular Lantern.

No. 1 Burner. No. 0 Globe.
One Piece Tube. Locked Burner.
Crank Lift.

PAULL'S LEADER.

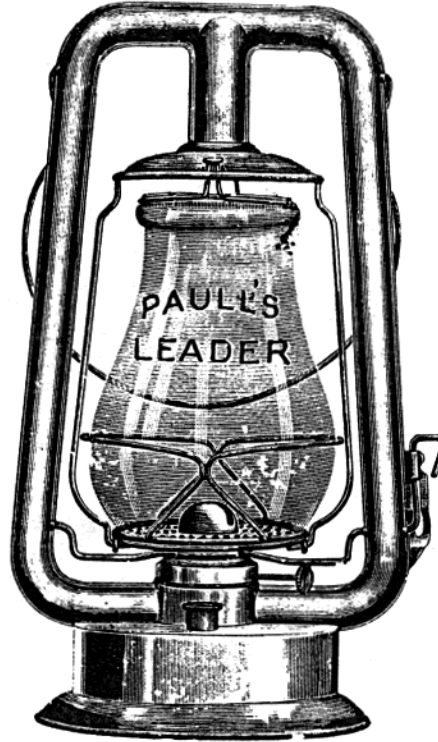

THIS IS THE ACME OF PERFECTION in the Tubular Lantern line, embodying improved features which exist in no other, and in appearance is one of the handsomest Lanterns ever offered to the trade.

THE LIFTING DEVICE does not simply raise the globe for lighting, but also swings it out from between the tubes, thus leaving the way clear for filling the oil pot or trimming the wick. It is simplicity itself.

THE OIL POT is larger and holds 50 per cent. more oil than is usual in No. 0 Lanterns. The bottom of the lantern is double seamed to the oil pot, thus rendering leakage almost impossible. Each Lantern is carefully packed before shipping.

THE SOLDERING JOBS on the Lantern are only four in number, the rest of the work all being done by machinery, thus securing uniformity and strength in every detail.

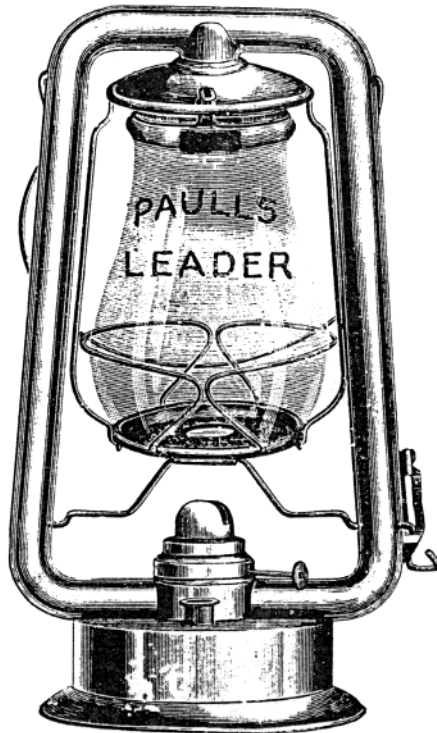

OUR ONE PIECE STAMPED TUBE is an entirely new feature, and has never before been used on a Tubular Lantern. Each side of the tube is made from one piece of tin, being joined at the edge by a seam. Heretofore this style of tube was made from six pieces, soldered together at the top. No solder whatever is used on our One Piece Stamped Tube.

PACKAGES

1 Dozen Case.....	(Net Weight, 21 lbs. Gross Weight, 38 lbs. (Measurement, 12 x 15 x 32 inches
1/2 Dozen Case.....	(Net Weight, 10 1/2 lbs. Gross Weight, 22 lbs. (Measurement, 10 1/2 x 15 1/2 x 20 inches

Paull's Leader No. 0 Tubular Lantern.

GLOBE RAISED FOR LIGHTING

PAULL'S LEADER.

TO LIGHT THE LANTERN, turn the Crank, when the globe will rise and swing from between the tubes leaving the wick exposed.

THE GLOBE is easily removed by lifting the spring at the top of the Lantern, when it is readily lifted out.

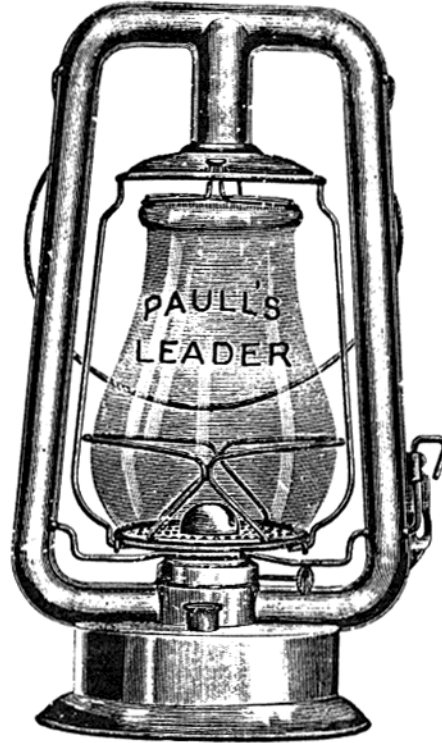

THE BURNER is locked in its place, thus making it very secure.

Paul's Leader No. 2 Tubular Lantern.

No. 2 Burner. No. 0 Globe.
One Piece Tube. Locked Burner.
Crank Lift.

No. 2 TUBULAR.

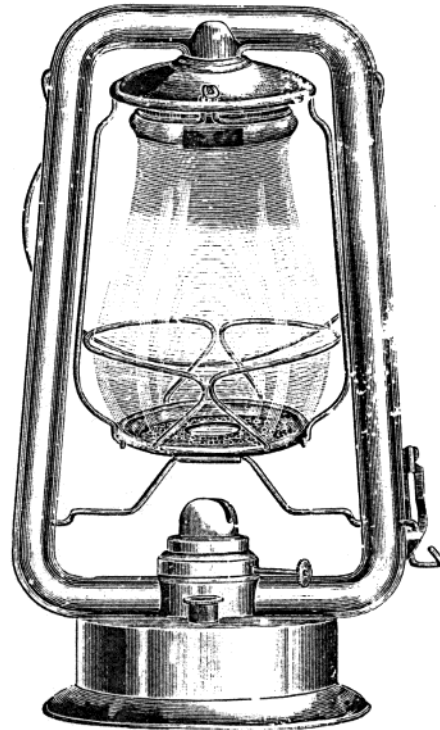

This Lantern is identical in all respects with our No. 1, shown and described on Page 4, except that it has a No. 2 Burner, which gives as large and bright a light as any lamp with the same size burner.

PACKAGES

1 Dozen Case	{ Net Weight, 21 lbs. Gross Weight, 38 lbs. Measure. ent, 12 x 15 x 32 inches
½ Dozen Case	{ Net Weight, 10½ lbs. Gross Weight, 22 lbs. Measurement, 10½ x 10½ x 29 inches

Paull's Leader No. 2 Tubular Lantern.

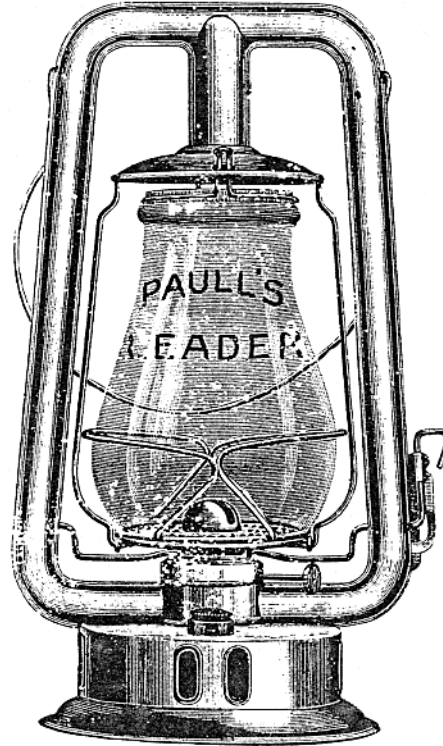

Showing Globe raised for lighting.

Paull's Leader No. 0 Glass Fount Lantern.

No. 1 Burner. No. 9 Globe.
One Piece Tube. Locked Burner.
Crank Lift.

No. 0 GLASS FOUNT.

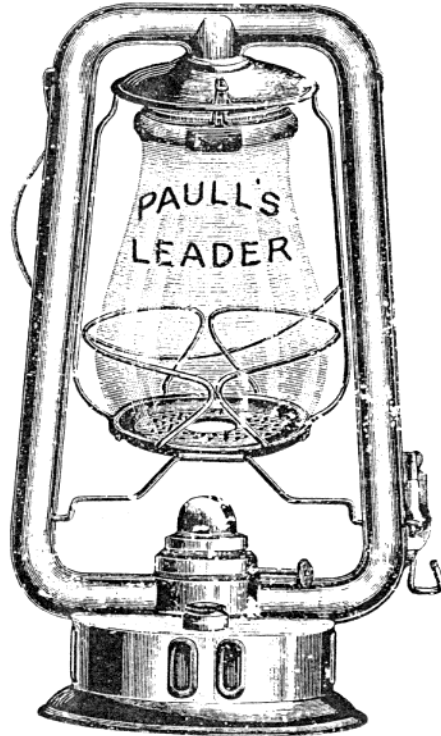

This Lantern differs from our No. 0 Lantern, as described on Page 4, in the respect that it has a glass fount for an oil pot. This is removable, and the foot is so perforated, as shown in the cut, that the amount of oil remaining is easily seen. Leakage, as is evident, is rendered impossible.

PACKAGES

1 Dozen Case-----	{ Net Weight, 30 lbs.	Gross Weight, 47 lbs.
	{ Measurement,	12 x 15 x 32 inches
½ Dozen Case-----	{ Net Weight, 15 lbs.	Gross Weight, 27 lbs.
	{ Measurement,	10½ x 15½ x 20 inches

Paul's Leader No. 0 Glass Fount Lantern.

Showing Globe raised for lighting.
To remove the Glass Fount, detach tin bottom under the foot.

Paull's Leader No. 0 Tubular Lantern WITH DASH BOARD ATTACHMET

No. 1 Burner. No. 0 Globe.
One Piece Tube. Locked Burner.
Crank Lift.

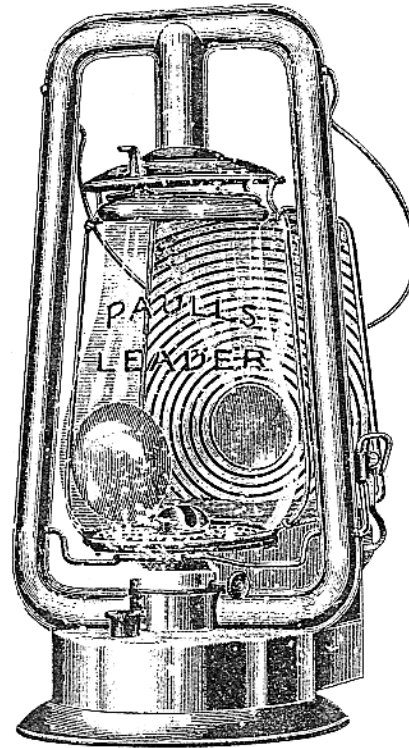

This lantern includes all the desirable and improved features mentioned on Page 4, and in addition has DASH BOARD ATTACHMENT and RE-IGNITOR.

It can be easily attached to the dash board of any buggy or wagon for night driving.

It can be lighted and filled without removing from the vehicle.

Fitted, when desired, with the celebrated BULL'S EYE GLOBE.

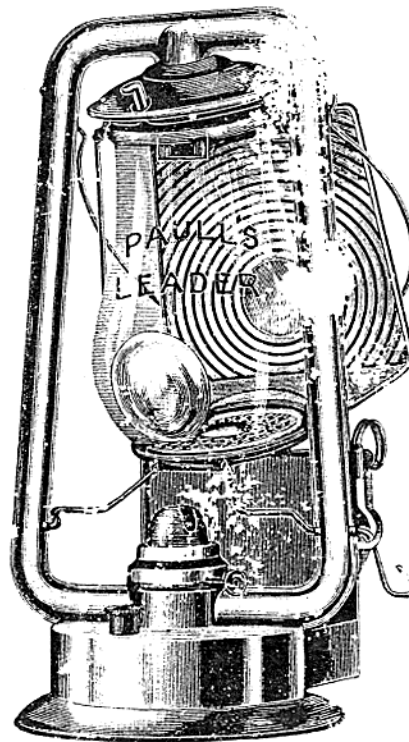

Finished in Plain Tin or Blue Japan.

PACKAGE

½ Dozen Case-----	{ Net Weight, 14 lbs.	Gross Weight, 29 lbs.
	{ Measurement,	15 x 15 x 20½ inches

Paul's Leader No. 0 Dash Board
Tubular Lantern.

Showing Globe raised for lighting.

Paull's Leader No. 2 Cold Blast Tubular Lantern.

No. 2 Burner. No. 0 Cold Blast Globe.
One Piece Tube. Locked Burner.
Crank Lift.

No. 2 COLD BLAST TUBULAR.

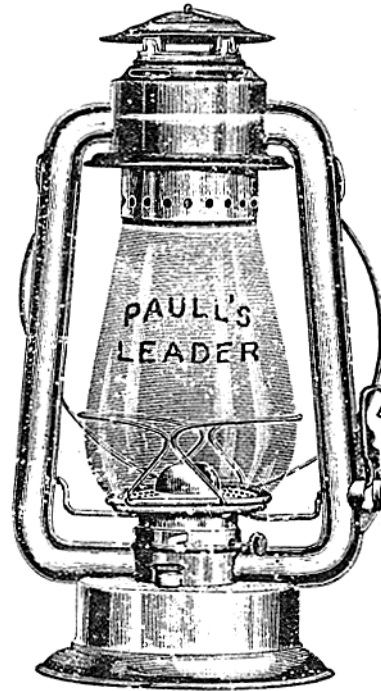

THIS LANTERN is so named because it is supplied with cold air from the top.

IT IS A VERY LARGE, Strong Lantern, and the light it gives, on account of its construction, is equal to that of almost any lamp.

ITS SUPERIOR BURNING QUALITIES make it a most desirable Lantern in places which are exposed to draughts or wind.

THE OIL POT is very large and holds a liberal quantity of oil.

THE LIGHTING DEVICE for raising the Globe is simple and effective. The latter can be taken out of the Lantern without moving the guard.

PACKAGE

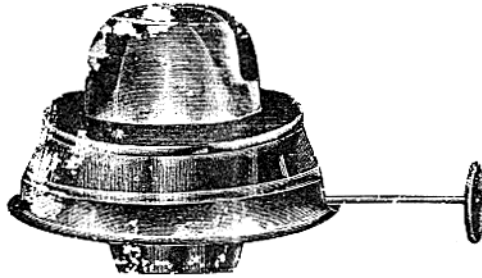

1/2 Dozen Case -----	(Net Weight, 14 lbs.	Gross Weight, 28 lbs.
	(Measurement,	20 x 16 1/2 x 12 1/2 inches
